

WELCOME!

Everything you need is in the plastic parts bag attached to the front of the cabinet:

- (1) Marquee Header (1) Power Cord (1) Game Manual (1) HDMI Cable

Lets get you hooked up

First step: Connect to your TV or Projector

- Connect the HDMI cable (supplied) to the HDMI output on the Nighthawk system(Computer inside the cabinet). Route the cable through the clip under the lock on the back wall of the game, and down through the access panel on the lower back of the cabinet. Connect the other end of the HDMI cable to the proper HDMI input on your television.

Nighthawk System

Power up:

- Connect the power cable to the socket on the back of the cabinet. Then plug the cable into a 3-pronged, grounded wall socket. Locate the power switch on the back of the cabinet and turn it ON.

You are now ready to play!

Want to go online and play in live tournament?

First fill out subscription form in manual and email it to jpick@itsgames.com

After you are setup you will connect via Ethernet cord or you can go wireless by purchasing an wireless adapter. Don't hook up your internet until form is submitted.

Please see manual for all settings and connection questions.
